

Local Classes Begin at The Spectrum at Val Vista, Gilbert AZ

The first of what we hope will be a recurring opportunity happened at The Spectrum at Val Vista HOA facility on February 13th, 2015. The main subject was an apple galette. A galette is a rustic tart or pie. Like a pie it can be savory or sweet, filled with vegetables or fruit. What makes it different from a pie is that you don't need or use a pie plate and the free form requires a lot less fuss. Since no one is expecting a perfectly pinched fluted crust, it is a great pastry for a beginning baker or cook. Residents of The Spectrum at Val Vista really enjoyed constructing a tasty galette to take home and bake.

New at ICS
